

## BASEBALL TEAM TO FINISH SEASON

The baseball situation which looked a trifle dark and cloudy on Sunday and Monday cleared decidedly yesterday and blue sky and sunshine brightened the life of the fans.

Manager Wolf stated last night that he had assurances that the present team would continue to represent the Copper City and that the finances of the association would be properly adjusted. He seemed positive of this last night and said that the Review could state on his authority that the team was here to stay and would be stronger from now till the season's end. There was to have been a meeting of the association yesterday but this was prevented by other matters of importance and the meeting which was to have been held then is to be held today and at that time all necessary ways and means will be developed to keep Bisbee on the baseball map and to keep alive the great American game.

It is known that there has been between \$1,000 and \$1,200 pledged for the support of the team which no attempt or at least no concerted attempt has been made to collect and this or a large part of it can and will be collected when the worst time of need shall arise, if a worse time ever comes than the team has weathered. Besides it is said that the big companies are now to extend a helping hand, but all of this will probably develop more fully at the meeting of the association today.

### Douglas Here Next.

Another cause which makes the horizon look brighter to Bisbee fans is the fact that the Demons of the Don will spend Saturday and Sunday in Bisbee and will aid in putting up the two greatest games which have ever occurred in the history of the camp. The Demons have been decidedly strengthened since they appeared here last and their showing against Cananea in a twelve inning 2 to 4 game on Sunday morning and a 2 to 1 game in the afternoon tells what may be expected when they come to Bisbee. The O'Donovan Don has sent word to Bisbee that there is to be a personal, well fought game between the Demons and the local aggregation. The game is to be played on Sunday morning and will be a personal, well fought game between the Demons and the local aggregation. The game is to be played on Sunday morning and will be a personal, well fought game between the Demons and the local aggregation.

But if Douglas has been strengthened the Demons will find that they have not caught the Bisbee management napping since there has been a holier game of the local aggregation. The game that he used to put up while playing for this camp is fresh in the memory of all ball cranks and since he left here and went to Tucson he has been playing still greater ball, fielding fast and hitting the home run out far, hard and safe. With the recruits gathered in El Paso and with Godfrey, who is now in town and is scheduled to hold down the second sack, the Bisbee bunch look like so many quarter horses already for the sprint to the tape.

## SLAVONIAN SOCIETY HOLDS JOLLY OUTING

An enjoyable picnic was held at Lewis Springs on Sunday last, the annual outing of the S. S. Slavs, a popular Slavonian society of Bisbee.

This society holds its picnic each year on August 15 and on Sunday last held one of the most successful in its history, about 125 going to Lewis Springs and thoroughly enjoying their day of outing and recreation.

A jolly program of sports was arranged which included a running race in which first prize was won by John Niekovich and second by John Vucovich. Throwing heavy rock Lee Jovanovich won and M. Popovich second; jump fatman, M. Popovich, leap man M. Skender.

The ladies drew straws for first prize, the longest straw bringing first prize to Mrs. M. Ralenevich and second prize being drawn by Miss R. W. Clements.

The party returned home tired but happy and without any occurrence to mar the good time during the whole day, late Sunday evening.

## GOLF TEAM WILL NOT GO TO EL PASO

The Warren District Country club will send a tennis team but no golf team to El Paso for the first Sunday and Monday of September. This was the decision arrived at when the directors of the Country Club held a meeting on Monday night.

Four of the best tennis players of the district will represent Bisbee through the medium of the Warren District Country Club at El Paso. Just what events they will participate in is not known as the invitation received by the club secretary from El Paso did not make this point clear. It is assumed that there will be both singles and doubles and the entry of four players will permit that number of entries in the former and two teams in doubles. The players selected are Baker, Popen, Notman and Landon and Chairman Milton of the tennis committee will write to El Paso today announcing the acceptance of the invitation by the club and its intent to send this four man team.

It was further decided on Monday night not to send a regular golf team as a number of players will be away and a match of some kind is contemplated on the home links on the same days in which the matches are to be played in El Paso. This may not prevent some individual players going on to try conclusions in any individual championship which may be played but nothing was done in the way of selecting any players to represent the club in any golf events. While it is not unlikely that some may go on there is nothing certain about it and some of the best players in the club have announced their intention to remain in Bisbee.

### Will Dance at Warren.

The anniversary of the opening of the club house of the Warren club falls on Labor Day and it had been intended to celebrate the event this year on the first anniversary. It had been intended to invite El Paso and Douglas and to have golf matches and tennis matches besides a reception and dance. These tentative plans were upset when it was known that both of the clubs which it was supposed to make a guest of Warren would be in El Paso on the date of the anniversary.

At the directors meeting it was decided to celebrate the occasion less pretentiously than was at first thought of and it was determined to hold a dance and to have some sort of a golf match for the local club members. The occasion can and will be made an enjoyable one, but will be conducted along lines far more modest than at first contemplated.

## NO NEW ACTION BY BUILDING COMMITTEE

There was a meeting of the building committee of the Masons last evening to discuss plans for the building of the proposed Masonic temple, but nothing of importance was accomplished.

Up to the present time the plans of the building committee have been mostly tentative, embracing the probable purchase of a site and the consideration of one set of plans which are being prepared by F. C. Hurst. While the Main Street site which has been selected seems best to the committee, of the several upon which they have not yet been purchased. It is not certain whether other plans will be received from other architects than Mr. Hurst, or whether he will be the only one to present a design of the building.

When it is determined what will be the total cost of a suitable home, the committee will report and then will come the question of financing which will undoubtedly be promptly taken care of. After this will come the details of purchase of site and the erection of the Masonic Temple which when completed will undoubtedly be the finest in the southwest and a permanent ornament to the city.

### CANADIAN SOLDIERS RETURN TO THEIR BARRACKS

WINNIPEG, Aug. 17.—The regular soldiers who have been on duty at Fort Lowell and the funeral arrangements were made through the Palace undertaking establishment. The funeral service will be held this afternoon at 2 o'clock from the home of the family, No. 5 Upper Lowell with E. D. Riley officiating.

Mr. Butler is survived by a widow, two sons—James Butler of Pearce and Elmer Butler, and three daughters—Mrs. Charles H. Willes of Upper Lowell, Mrs. Joseph Bishop of Tombstone and Mrs. George Bravin.

## BOARD TO MEET CELEBRATION DEBTS

The Board of Trade held an important meeting at the council chamber in the city hall yesterday afternoon and took up the question of meeting the deficiency which arose in the funds of the Fourth of July celebration committee owing to the rains which prevented receipts from a number of sources which would otherwise have been lucrative and probably have more than met expenses from all sources had the weather been fine.

The business of settling the debts left after the successful celebration of Independence day was the most important matter which the board had to consider and they were confronted with the fact that the only way to meet an obligation was to call upon all of the original contributors to the fund for an addition to their original contribution. Then came the question of how much of an increase should be demanded and it was finally decided to ask all to raise the original sum by 25 per cent. This it was decided would be sufficient to meet the outstanding obligations in full and would not throw any great burden upon any one contributor.

The secretary was instructed to prepare a detailed statement of the financial conditions as they were determined after the celebration had ended and also to write a letter explanatory of those conditions and of what the board had determined upon at its meeting of yesterday and to mail copies to each of the contributors to the celebration fund. This will be done within the next few days and within two or three days after the receipt of these communications a representative of the board will call upon the various subscribers to obtain the added amount which will be devoted to the wiping out of the indebtedness.

The question of the Warren race track was not brought up at the meeting as had been expected but can be taken up later as no difficulty is expected to arise and prevent a permanent maintenance of the track.

The board further appointed a committee to prepare, draft and submit a set of resolutions upon the death of the late Anna T. Hoy, whose loss will be so deeply felt by the board of which he was one of the most active members and one of the most enthusiastic workers, ever ready to shoulder any burden that might be upon him.

Among those appointed to this committee are J. M. O'Connell, L. R. Allen, Mayor George Neale, and F. E. Coles.

Other matters of detail were brought up and acted upon by the Board before its adjournment.

## DEATH SUMMONS J. E. BUTLER, PIONEER

Another of the old timers, who are growing so few in the district, answered the last call yesterday shortly before noon. This was J. E. Butler, one of the real Arizona pioneers who came to Tombstone in 1879.

The death of J. E. Butler will occasion deep regret for his long residence in Cochise county and the active part which he took in public life made him many friends. Until about a year ago, since White was sheriff he acted as jailor at the county jail.

Mr. Butler came from England about fifty years ago and after living for a time in Michigan came to Tombstone thirty years ago. When he arrived in this country he was but a boy of 16 and at his death was 66 years of age. His death occurred at the family home at Upper Lowell and the funeral arrangements were made through the Palace undertaking establishment.

The funeral service will be held this afternoon at 2 o'clock from the home of the family, No. 5 Upper Lowell with E. D. Riley officiating.

Mr. Butler is survived by a widow, two sons—James Butler of Pearce and Elmer Butler, and three daughters—Mrs. Charles H. Willes of Upper Lowell, Mrs. Joseph Bishop of Tombstone and Mrs. George Bravin.

Although the Judge raised his voice there was nothing doing from the prisoner. He only shook his head wearily. At last the Judge turned to the officer and said, almost in a whisper: "He was drunk when arrested, wasn't he?"

"I only had one glass of beer," said the prisoner, quickly, in an injured tone; and every one laughed.

When the Judge heard, "I'm stone deaf, your honor," declared a prisoner in the dock at the police court. "I didn't hear a word the officer said about me, and I can't hear what you are saying."

## MCINTOSH WANTS FIGHT HELD IN ENGLAND

New York, Aug. 17.—Hugh McIntosh, the man who promoted the new historic ring battle in far off Australia when Tommy Burns, the new heavyweight champion, relinquished his title to Jack Johnson, has arrived here. He comes here to try to sign up the negro title holder and James J. Jeffries for a bout. Just as McIntosh engineered the fight between the negro and his Caucasian rival in the land of the kangaroo, so again will he try to bring representatives of two races together in the corded arena.

After Johnson had torn the title from Tommy Burns, McIntosh declared that he would do everything in his power to induce Jeffries to fight Johnson and to have the contest staged under his management. McIntosh has been after Big Jim for some time, and it is to make his final effort to sign up the men that he set foot on American shores. The Australian promoter, when seen stated that he would offer \$50,000 for the match. He desires to hold the bout in England, with Australia as second choice. However, he expressed his willingness to stage the meeting in this country provided both men insisted.

Great Things in Little.  
The Italians are wonderfully clever in working with the most minute things. A skillful Italian has made a beautiful little boat out of a pearl. The sail is of beaten gold studded with diamonds. A tiny ruby serves as a keel. The rudder is an emerald, and its stand is a little slab of ivory. The boat weighs less than half an ounce, and is valued at \$5,000.

Not to be outdone by a man, an ambitious Italian woman has painted on a canvas, so small that half a grain of corn hides it from view, a windmill with the miller, and a horse and cart with people in the cart.

Some of the Italian mosaic workers in Florence will take bits of stone and glass no larger than grains of mustard seed and fashion them into the most graceful flowers and other designs on shirt studs.—The Sunday Magazine.

**Fiji Golf.**  
The Fiji game of golf is probably as ancient as golf, which it somewhat resembles. The brown warriors play along the roadway, and the game consists of long drives with a reed, one end of which is set in a large brown bean. Balancing a javelin nicely in the hand, with the forefinger as the driving power, they project it swiftly at a mound on the road ahead, from which it glances, falling 200 or 300 yards away. Thus they walk and play for miles, rying with each other for the longest drive. The Fijians "keep their eye on the mound," for it needs some skill to strike the heap of stones at the right spot on the reed so as to secure a long straight flight.
